

I am writing to respond to your request for public comment on the Wisconsin no call list. We like our no call list the way it is! We do not want to go back to having bankers/mortgage companies, etc. call us for every car loan, mortgage refinancing, or other product simply because we once did business with them or currently maintain accounts with them. We know where to find them if we need additional services!! Wisconsin knows what its citizens want -- and we like our no call list just the way it is!!!! -- If the bankers want consistency, let the federal law follow the example of Wisconsin's law!!!

Thank you
